

**Purpose:**

To describe the Fiberdyne Labs fiber-optic, fixed, single-mode attenuator with FC/UPC connections.

**Device Description:**

Fiberdyne Labs manufactures premium fixed optical attenuators. The FAR0111XX series of single-mode attenuators are made with state-of-the-art equipment in every phase of manufacturing, to ensure that every attenuator meets our ISO 9001 quality standards.

**Technical Specifications:**

<i><b>Description</b></i>	<i><b>Units</b></i>	<i><b>Value</b></i>
Technology Type		Doped Fiber
Standard Available Values	dB	1-10, 15, 20
Return Loss	dB	>50, Typical
Attenuation Accuracy	dB	±0.5 (1-5dB); ±10% (>6dB)
Repeatability	Cycles	>500
Operating Temperature	°C	-40 to +75
Humidity Range	%	5-95 Non-condensing
Body Dimensions	cm	1.4 L X 0.5 dia.
Body Materials		Metal
Standards Compliance		None
